## Long Island

**LONG ISLAND** is the closest island to the mainland, and as suggested by the name, is 9kms long while only being 400m wide at its widest point. It is mostly national park and has 13kms of walking trails to explore, with plentiful native flora and fauna.

**Palm Bay Resort** on Long Island offers a unique holiday experience combining gorgeous Balinese-style accommodation right on the beach with the convenience of self-catering. Palm Bay is a quiet paradise for visitors seeking tranquility. A place to relax, rejuvenate and escape.

**Elysian Retreat** - The Whitsundays newest resort and Australia's only totally solar powered island resort, this is one of the most secluded island retreats in The Whitsundays. Elysian is a blissful escape from the crowds with a small team of dedicated staff, including a private chef, to cater to a maximum of 20 guests. The team at Elysian have put an emphasis on sustainability while still maintaining a gorgeous boho-luxe retreat. Allow time to slow down and immerse your senses in nature and island life. Elysian is exclusively for guests aged 16 or over.
